

“I had spent time in prison and never wanted to enter those doors again. When I was released I went into the (Firm Foundation) transition house program and there I felt a lot of love, a lot of help, support, and encouragement. It is a blessing to have a Christian living environment you can go to when your down and out- when you need help. I am glad that I went there and that I completed the program. I believe that they are changing lives, in Christ and in general, giving men hope that there is a place to go.”

“Prior to coming here I had been battling with drugs and alcohol since the age of seventeen and in and out of prison throughout that time. This has been a step in the right direction for me and I have God and the people here at Firm Foundation to thank for that. I am starting a new career with Opportunity Builders and look forward to giving back. My hope is that the Lord will continue to bless me in these areas and that He use me for His purposes, not my own.”

“They (Firm Foundation staff and friends from my church) came to my house for an intervention and helped me get into treatment that same night. I was in treatment for the next 28 days and then went to live at the discipleship house. Firm Foundation was so helpful during my transition and with my living situation. I was able to have my kids in a good environment and basically restart my life. Now I am doing well, my son is living with me fulltime, we have our own apartment, and I have even been promoted at work!”
